COLOUR DASH 2017!!

A number of Wheatfield surgery staff will be taking part in this years' Colour Dash for Keech Hospice Care on the 16th of July.

Helping to raise money to contribute and increase the amount of care and facilities this amazing charity provides. The charity supports Children and Adults from Bedfordshire, Hertfordshire and Milton Keynes whom have life - limiting illnesses.

To help this charity support and provide more than they do now, why not take part in this years' Colour Dash 5k walk. More details can be found at www.keech.org.uk

Vaccination Time

This summer period is the season for vaccinations. Whether it is for immunisation against infectious diseases while travelling abroad or for the start of a journey at university.

If you are travelling aboard and need vaccinating, please complete a travel form which can be collected from reception within the surgery or online. We must stress we need 6 weeks notice ahead of travelling in order to have the correct facilities available.

If starting university this fall, it is highly recommended you have the Meningitis C vaccination. More information can be found at www.meningitisnow.org

Self-care awareness

Any medication which can be brought over the counter in a pharmacy will no-longer be prescribed by a medical practitioner. This is a change occurring throughout the NHS.

While on the topic of self-care, the surgery provides a number of clinics

- ◆ Asthma clinics - Every Wednesday
- ◆ Family planning—Depo/ pill/ implants. We kindly ask for a months notice when booking for an appointment in this clinic
- ◆ Minor illness - Our nurses at the surgery are able to prescribe medication if required.
- ◆ Diabetes

Appointments between April - June 2017

14, 990 Offered 522 Un-booked 650 appointments - Did Not Attended 14, 468 Booked

These figures are taken from all clinicians through out April to June.

If you need to cancel an appointment you can select option 2 when calling the surgery.

New beginnings and farewells!

This summer we are saying farewell to receptionist Diane. We wish you all the best. As we say goodbye to one member of staff, we welcome two more. Welcome to our new receptionist Elizabeth and full time general practitioner Dr Ramana.
